Dancing in the Desert

The week of homecoming in the high school was filled with fun and competition among the classes. The theme was "Dance in the Desert," and the classes were challenged with Egyptian-themed projects and competitions. After school the students competed in scavenger hunts and races. On Wednesday afternoon, the four classes played in a very challenging kick ball tournament resulting with the seniors winning the final game in overtime to the freshmen. Friday afternoon's pep rally also saw the seniors winning the spirit stick for having the winning scores for all combined games and competitions. It was a great week of high competition and school spirit ending with a beautiful banquet and dance at the Daytona Shores Resort & Spa on Saturday evening.

The 2015 homecoming court has been announced. The following people are representatives of their class.

FRESHMAN

Matthew MacGinnis and Courtney Wallace

SOPHOMORES

Chase Armstrong and Julie Skipper

JUNIORS

Austin Provan and Jessica Malcom

SENIORS

**Dylan Doughney
Jeff Jones
Josh Kelly
Gage Sharpton**

**Lacey Ayers
Carlee Baxter
Nicole Brubaker
Jocelyn Wert**

The king and queen were announced and crowned at the Homecoming game on Friday night. **Carlee Baxter** was crowned queen and **Gage Sharpton** was crowned king.

Words from the Superintendent...

"Was no one found who returned to give glory to God...?"

Luke 17:18

One of life's most common oversights is not taking time to say thanks. We get in such a rush that we often forget.

The Bible shares an historic account of ten men with the dreaded disease of leprosy who confronted Jesus. They were a long distance away, for leprosy was the most feared disease of that day. They were outcasts; people didn't want to touch them for fear of getting the disease. They were treated like many today who have communicable diseases.

These lepers cried out to Christ to have mercy on them, and He did. He healed them. What a fantastic day that must have been for each of them! Each one of them was so excited that they all began to run and tell others what had happened.

But one turned around and took time to worship and thank Jesus...unfortunately-- just one. Jesus asked him, "Weren't there ten? Where are they?" Even God desires to hear our thanks and gratitude.

This week, don't miss a great opportunity to take time to say thank you – to God for His blessings- - to friends and loved ones -- and to anyone who has helped you in any way. Thankfulness is a wonderful way of expressing our gratitude and also truly being a blessing to others.

In Christ's Service,
Mark W. Tress, School Superintendent

Lightning Alert System Installed on Campus

We are proud to announce that Warner Christian Academy has been blessed to be one of the first schools in the State of Florida chosen to receive a \$20,000 lightning alert system from the **Jesse Watlington Memorial Foundation**. The Foundation purchased a WeatherBug Lightning Alert System that was installed this week on the football field press box, and is now operational. This technology will help protect our students, players, staff and visitors from the dangers of lightning. This is especially important being that Florida is the "Lightning Capital of America."

The Watlington family lost their 11 year old son, Jesse, on October 3, 2012 in Ft. Meyers, Florida. Jesse was struck by lightning on campus during an after-school football practice. Jesse's parents made it their mission to donate 50 lightning detection systems to Christian schools across Florida. These initial schools will be funded entirely by the Watlington's personal bank account through the Foundation. Once they have accomplished their goal, the Foundation will continue to raise funds to help supply the rest of the Christian schools throughout the southern United States.

The system is manufactured by WeatherBug and is the most advanced lightning safety solution available. When lightning enters an unsafe radius of six miles from the school, a siren will blast for 15 seconds and will be heard throughout campus. Once the siren sounds, it will be mandatory for all individuals on campus to seek a safe structure or enclosed vehicle. Following 30 minutes of any lightning activity within our designated safe range, the sirens will sound an ALL-CLEAR (three 5-second blasts) informing coaches and staff it is now safe to resume outdoor activities. Staff will also be provided web-based and mobile intelligence tools to help make safety decisions. We will also be adding the countdown clock to the home page of the WCA website so parents can stay connected with any lightning activity within the schools six mile radius.

We will be holding a special dedication during the last home football game on Friday, November 6th. The Watlington family will be here so please come out and help WCA show our extreme gratitude for this donation!

Alumni News...

Joelle Zambrano ('09) received her bachelors of science in Biochemistry at High Point University after graduating from WCA. She worked for a year as a lab analyst at an environmental lab in Ormond Beach before applying to graduate schools.

She is now starting her second year in a PhD program at Medical University of South Carolina in Charleston, SC. Joelle is getting her degree in Pharmacology, and is currently doing research in a lab that focuses on breast cancer. Her thesis is going to be centered on signaling pathways that become dysregulated in breast cancer, and how that can contribute to resistance to specific anti-cancer drugs. She just recently authored a manuscript on autophagy and apoptosis (signaling pathways essential for cell survival and cell death) within HER2+ breast cancer, which is currently pending publication.

Tyler Ayers ('10) accepted an Assistant Strength & Conditioning Coach position back at Webber International University in Lake Wales, where he interned during the '14-'15 school year. He is a Certified Strength & Conditioning Specialist (CSCS) through the NSCA and a Level 1 Sports Performance Coach through USA Weightlifting. He will be the Head Strength & Conditioning Coach for the Softball team & assist with a number of other sport teams (Football, Men's Soccer, Women's Basketball). He is excited to see what God has in store for his life & career over the next couple of years.

Josh Watkins ('10) recently started working for Volusia County Fire Services as a Firefighter/EMT. He is also happy to announce that he and fiancée, **Danae Miller** ('10) will be getting married in November.

Congratulations Alumni!!!

*We love hearing
from our alumni!*
